2 FINDINGS AND CONCLUSIONS

Based upon its review of the exhibits and the record of the proceedings the Board finds and concludes that:

- 2.1 The Site is located within the Residence 8 zoning district, the Affordable Housing Overlay District B, and the Groundwater Protection District Zone 4.
- 2.2 The proposed use, Senior Residence housing, is allowed on the Site by special permit in accordance with the Bylaw section 9B.
- 2.3 The Plan shows a 33-unit Senior Residence development with a common septic system on a parcel containing +/-8.31 acres of land. The resulting density of 3.97 units per acre meets the standards of section 9B.
- 2.4 The Applicant proposes that the required common land remains in private condominium ownership. The common land provides open space benefits to the future residents and the nearby neighborhood but has no town-wide significance.
- 2.5 Three of the dwelling units are proposed as affordable in accordance with the provisions of the Bylaw, section 9B.12. To adequately meet the needs of low- and moderate income households, it is important that affordable units come in a range of prices and sizes. M.G.L. Ch. 40B sets a 10% affordable housing goal for every community in the Commonwealth. This decision intends to ensure that the three affordable units count and meet local needs.
- 2.6 Brabrook Road leads through a residential neighborhood of +/-10 single-family homes. A side street, Flagg Road, has 8, or so, homes on it. Brabrook Road is a public way that currently ends in a temporary turnaround with an easement on the lot at 11 Brabrook Road. The public street easement continues for +/-260 feet in an unimproved state.
- 2.7 The Brabrook and Flagg Roads homes currently use wells for their domestic water supply.
- 2.8 The Plan shows an extension of Brabrook Road as a public way within the public street easement for primary access to the Site, and the removal of the temporary turnaround. A new suitable turnaround is proposed at the new end of Brabrook Road.
- 2.9 The Plan shows improvements over the entire length of Brabrook Road including the installation of a sidewalk and water main.
- 2.10 Ellsworth Village Road does not conform to the standards of the Acton Subdivision Rules and is proposed as private way.
- 2.11 An emergency access will be provided from Great Road over lot 1C (133 Great Road), which also provides convenient pedestrian access to shops and businesses on Great Road.

The Plan shows pedestrian access to East Acton Village via the end of the Brabrook Road layout and connecting with a sidewalk on the abutting commercial property, and a pedestrian walk will lead to the Town-owned land that abuts the Site in the northwest. Thus, the project provides ample potential for walking to nearby shops and services, between neighborhoods, and to future Town recreation facilities, and thus could reduce automobile travel in the immediate area. To turn their potential into opportunity, the pedestrian connections need to be secured with easements that allow their general public use on foot.

- 2.12 The Plan shows the removal of several trees and an embankment in the shoulder of Pope Road for sight distance improvements at the Pope Road / Brabrook Road intersection. Pope Road is a designated scenic road under Chapter J of the Town Bylaws which regulates the removal of street trees in scenic roads.
- 2.13 The proposed construction work on the site and in the adjacent public ways may require blasting. Recent findings show that toxic perchlorate compounds used in blasting are stable in the ground and resurface in nearby drinking water supply wells. The risk has been identified but neither the State nor the Federal Government appear to have regulations on safety standards or exposure limits, yet.
- 2.14 The Applicant had proposed a +/-750-foot long emergency access road or pathway from the Site to Brookside Shops via Town-owned land. This road is not feasible as proposed and therefore not required. The Board finds that within reasonable cost limits the resources for the pathway should be diverted to providing public water service on Flagg Road.
- 2.15 The Applicant requested no waivers from the Rules.
- 2.16 The Board has received comments from various Town departments and other parties, which are listed in Exhibits 1.4 through 1.6 above. The Board considered these comments and comments received at the public hearing. The Board considered these comments in its deliberations, made them available to the Applicant, and incorporated them into this decision as the Board deemed appropriate.
- 2.17 The Plan as amended herein and the proposed uses as approved herein are appropriate for the Site; consistent with the Master Plan; in harmony with the purpose and intent of the Bylaw, specifically Section 9B; comply in all respects to the applicable requirements of the Bylaw and the Rules, and will not be detrimental or injurious to the neighborhood. After considering several alternatives, the Board finds that granting this special permit protects and enhances Acton's New England character, its environmental and historic resources, and scenic vistas; provides common land that benefits the Town, abutters, and the future residents in the proposed development; provides quality housing for seniors with a range of incomes and physical abilities; provides for the safety of vehicular movement, and for the safety and convenience of pedestrians in a manner that is compatible with the Town's New England character and the needs of seniors.
